Form Factor	
Form Factor	Rack Mount
Chassis	Stand-alone 2 Units
Mounting Kit	Din-Rail (Included)
USB	6
Color	Silver / Black
Interface	
Monitor Output	VGA
General	
Dimension (mm)	437W*648D*89H
Weight	24 Kg (without Hard Drivers)
Operating Temp.	5°C to 35°C
Guarantee	2 Years

FARADrp[®] Ai NVR Series Physical Security Appliance combines a purpose-built hardware appliance with Aimetis Symphony[™] video management & analytics software, creating a high performance intelligent video surveillance platform for wide range of installations. Its robust faultless design and flexible installation option makes the FARADrp[®] Ai Series an ideal solution for medium and large environments.

■ Quick and Simple Installation

The FARADrp[®] Ai Series requires no hardware or software installation. And with no software activation requires, the first camera is being recorded within minutes of unpacking the box.

■ Easy to Use

With the industry's best combination of video recording, management, analytics and reporting, users benefit by using a single interface that eliminates the need to jump between multiple vendor products.

■ Flexible for Future Needs

Powered by Aimetis Symphony[™] with support for over 90 percent camera manufacture, the FARADrp[®] Ai series provides the best way for surveillance system improvement.
